

MMA Transport Ltd

Environmental Policy Statement.

“Making tomorrow a better place”

This policy supports our Sustainability policy and documents our responsibility towards the environment. It is our intent to effectively manage and improve our environmental performance and minimise the impacts our business has on the environment.

How we aim to achieve this:

1. Effectively manage our environmental impacts by the implementation of an Environmental Management Systems in compliance with ISO14001.
2. Decrease pollution risks by reducing the impact of the company’s operations on the environment.
3. Develop KPI (Key performance indicators) to measure resource use, waste and emissions. This process will demonstrate how efficient we are but also provide us with vital information on how we can improve and promote environmental best practice.
4. Comply with current environmental legislation and standards.
5. Training of internal staff, external supply chain and our clients will continue to enhance the awareness of relevant environmental matters.
6. Promote best practice environmental management techniques to deliver a high-quality, environmentally friendly Transport services.
7. Sustainability and environmental performance data will be integrated into our communication were appropriate.

Who is responsible for the delivery?

The Managing Directors or Board of Directors will be held accountable for the implementation of this policy in accordance with current legislation. The successful delivery of this policy will be reliant on the ability to generate a culture that actively encourages best environmental practices and ensures real involvement of all staff, external supply chain, clients and stakeholders.
